TITLE OF THE PAPER

Surname, Name[1], Surname, Name[1] and Surname, Name[2]

[1]Department, Institution, Country

[2]Department, Institution, Country

*Corresponding email for first author: author@farei.mu

Abstract

An abstract is a short summary of a paper, written in one paragraph, without subheadings, indentation or references, between 200 and 250 words, in single-spaced, 12-point Times New Roman, justified font, in MS Word (.doc or .docx) document. The aim of an abstract is to give readers a quick overview of the core content of the full paper. The abstract title should not exceed 20 words **in UPPER CASE, Times New Roman, 12Pt, Bold.** The abstract should clearly state the **Problem or Issue or Background**, **Purpose/Objective, Methodology, Results or Outcomes of the work done, Conclusions and Recommendations**. Abbreviations and acronyms should not be used. It is recommended to avoid using trade names and symbols. The content and coherence of the abstract will be the basis for acceptance of the full paper for presentation at the ASEF 2. Otherwise, your abstract will be retained for poster presentation. The abstract will be peer-reviewed and authors will be informed about acceptance for oral or poster presentation via email.

Keywords: Use, relevant, keywords, reflecting, abstract content

Additional notes:

Authors: Times New Roman, 12 Size, Centre Aligned. Surname followed by comma and Name. Name should be separated by space. Presenting Author should be listed as the First Author.

Keywords: should be given leaving one-line space below this text and should be in italics with a maximum of 6 words
